

Savings Bonds—Redemption and Reissue Instructions for Nonadministered Estates

NOTES: The forms identified in this publication and more [information on nonadministered estates](#) are available at www.treasurydirect.gov.

IMPORTANT INSTRUCTIONS

All securities belonging to the decedent's estate must be included in one transaction on a *Disposition of Treasury Securities Belonging to a Decedent's Estate Being Settled Without Administration* (FS Form 5336) and signed by one voluntary representative.

All bonds must be described by serial number, where indicated, on any form submitted. All bonds and/or forms, except *Direct Deposit Sign-Up Form* (FS Form 5396), must be signed in the presence of an authorized certifying officer, available at most financial institutions. The certifying officer must sign, include his or her title, and affix the institution's official stamp or seal in the space provided.

For transactions involving nonadministered estates:

- If more than one person is named on the bonds, provide certified copies of the death certificates for both. Each death certificate must be certified or sworn to by the state or local registrar, with a legible seal or stamp, as a true and correct copy taken from the official records.
- We don't return death certificates or other legal evidence.
- When we reissue a Series EE or Series I savings bond, we no longer provide a paper bond. The reissued bond is in electronic form, in our online system TreasuryDirect. For information on [how to open an account](#) in TreasuryDirect, go to www.treasurydirect.gov.
- Bonds can't be distributed to a trust.
